EDUCATION

Siddaganga Institute of technology

B.E in Information Science Engineering

CGPA:8.69

Sarvodaya PU college, Tumkur

Class 12 (Karnataka Pre-University Board)

89.2%

Chetana Vidya Mandira, Tumkur

Class 10 (KSSEE Board)

94.60%

PERSONAL PROJECTS

Reception For Hospitals

An application that is based on MERN

Overview

- Technologies used: HTML ,CSS, JavaScript, React js, Node js, MongoDB, Chakra UI.
- In this project, I created some forms and the data of them are received by a server and stored in the MongoDB database and the data is received from the database and rendered on the page.
- Authentication using Firebase.
- Features in Progress:**
- Filter based on the field of specialization.
- Filter that checks if the Doctor is free on that particular date.
- Github Repository:
<https://github.com/Pradeep7976/Reception-with-chakra>. [🔗](#)

The Halcyon website

The website for college fest

Overview

- Have assisted and worked with team.
- Tech used React.js JSON objects GitHub Chakra-UI
- Have used GitHub for processing data files so that the website data depend on the GitHub repository so that the changes in the repository are directly reflected on the website.
- <https://halcyonsit.in/> [🔗](#)
- Data for it-

PERSONAL PROJECTS

Sound on key

- An application that plays sounds based on key press.
- Technologies used: HTML ,CSS, JavaScript.
- GitHub link
- <https://github.com/Pradeep7976/Drum-Kit>

STRENGTHS

Learning new things at a faster pace and excelling in them.

Molding myself In a Team.

ACHIEVEMENTS

Hackerrank

2 silver Badges (3 stars in problem-solving and 3 stars in language)

Codechef

A star coder in CodeChef .

PROGRAMMING LANGUAGES

C++

Full Professional Proficiency

JavaScript

Professional Working Proficiency
